An adult 18 years of age or older needs to be present and may or may not be a family member. For further information regarding work orders, please contact the management office at 650-497-0101.

Winter holidays are a time for families and friends to get together. But that also means a greater risk for fire. Following a few simple tips will ensure a happy and fire-safe holiday season.

**HOLIDAY DECORATING**
- Be careful with holiday decorations. Choose decorations that are flame resistant or flame retardant.
- Keep lit candles away from decorations and other things that can burn.
- Some lights are only for indoor or outdoor use, but not both.
- Replace any string of lights with worn or broken cords or loose bulb connections. Read manufacturer’s instructions for number of light strands to connect.
- Use clips, not nails, to hang lights so the cords do not get damaged.
- Keep decorations away from windows and doors.

**HOLIDAY ENTERTAINING**
- Keep children and pets away from lit candles.
- Keep matches and lighters up high in a locked cabinet.
- Stay in the kitchen when cooking on the stovetop.

**HOLIDAY SAFETY**
- Identify the locations of the nearest Fire Extinguishers.

**FACTS**
- More than one-third of home decoration fires are started by candles.
- More than two of every five decoration fires happen because decorations are placed too close to a heat source.

**Before Heading Out or to Bed**
- Blow out lit candles when you leave the room or go to bed.
- Turn off all light strings and decorations before leaving home or going to bed.
